GIDDINGS' TRADE LIST

TO

FLORISTS

Roses and Plants

A. GIDDINGS,

Nos. 27, 29 & 31 S. Vermilion St. Danville, Ill.
To My Customers.

IT IS WITH pleasure I present you with my Trade List from Jan. to June. And in soliciting your orders, I first desire to thank you for your generous patronage given me in the past seasons, and I earnestly ask those who have not heretofore favored me with an order, to please remember me when making out their orders for plants. I aim to please and give satisfaction in every instance which I deem the best and most successful mode of advertising. In packing, the utmost caution is taken to insure the safe arrival of plants, as well as to lighten the expense of transportation, which is of vital importance to every florist, especially in long distances. Every order is executed at once on its receipt, or an explanation given why it has been delayed.

TERMS: — To approved accounts, net thirty days from date of shipment, payable by New York or Chicago Draft, Money Order, Express Order or Registered Letter. Accounts not settled at the expiration of the above time, are subject to my Draft at three days sight.

UNKNOWN CORRESPONDENTS: — Must send satisfactory reference, or forward cash with the order.

PACKING: — No charge for packing; plants packed in as light a manner as the season of the year permits, and can be shipped with safety to any part of the country.

EXPRESS: — All plants are sent by express, unless otherwise ordered. To places where there are no offices, I will send by mail, at an advance of fifteen cents on the dollar; but in every case when they can be sent by express, I would advise it to be done, as we all know that plants are much larger, and are received in much finer condition when sent by express.

A. GIDDINGS,
27, 29 & 31 S. Vermilion St., Danville, Illinois.
Mrs. Ella Giddings.

New Double Geraniums.

Mrs. Ella Giddings — This geranium I raised from seed two years ago. I have been growing it ever since along the side of my long list of varieties, and I find it to excel any one in my list as a bloomer either in pots or bedded out. This bids fair to eclipse all other double geraniums. The trusses are very large and perfect in form; color a deep glowing carmine, shaded to crimson. Plants in my grounds last season were the admiration of every one who saw them, and I took a great many orders for fall and spring. Many florists that we have sent flowers to, have pronounced it a very distinct geranium. I will say here that this is no old geranium name over, it is a pure seedling. I will guarantee it to be just as represented. (See Cut.)

3-inch pots, Price 35 Cts. Each. 3 for $1.00
4 "  "  " 50 Cts. "

Master Willie — This is also one of my seedlings, raised same time as the above. I selected seeds from some by-colors; such as Thomas Carlyle, Glorie De Corbenay, New Life. Color is deep salmon with whitest to the edges. The flower stocks are strong, well above the foliage; trusses, very large; a good variety for spring sales.

3-inch pots, Price 25 Cts. Each. 5 for $1.00
